Semi private lessons

(Max 3 riders)

Our semi private group lessons are a great way to continue your riding and have fun at the same time.

We have a variety of group lessons available and each group is divided on experience, with a maximum of 3 riders per group. Ideal for riders that can ride independently in trot, that are looking to progress further with their skills.

So whether you are learning to canter, keen to improve your jumping or looking to learn lateral work, there will be a group to suit you.

Our aim is to make your riding fun and educational and we are keen that our groups are working with riders aims in mind.

£20 per lesson
