BHS Exam Training

We are pleased to announce that we are holding training for BHS stages exams.

These certificates will provide the holder with the basic competencies in horse care and riding and are recognised worldwide. Whether you are looking to update your CV, or are looking to expand your knowledge of horses, the BHS exam system offers a clear structure and progression.

Each exam is divided into riding and horse care units, candidates may choose to sit all the units leading to a qualification in one day, or they may choose to 'pick and mix' units.

You are able to 'bank' units and will receive unit certificates. When all the relevant units for a qualification have been achieved, the qualification certificate will be awarded.

Training is held on a Tuesday evening from 6.30 - 8pm and will be instructed by BHS qualified instructors, with plenty of exam experience!
